## 9. Photos:

1. **Title of the Program :** Intrenship Program :- Har Ghar Shiksha
2. **Place:** **Kurund Village**
3. **Organizing Department / Cell :** **Department of Hindi**
4. **Date/Duration :** 23<sup>rd</sup> April, 2024
5. **Number of Participants:** 22
6. **Detail Description of the Event:**

A total of 22 students of the Hindi Department of Saint Xavier's College Mahuadanr contributed to the internship class on 23 April 2024 at Government Primary School Kurund. This is a very important initiative, it is commendable that students are joining in this way under "Har Ghar Shiksha". This not only gives real teaching experience to the students but also increases awareness towards education in the society. Through such internships, students get practical experience of classroom management, communication with children, and making lessons simple and interesting according to their understanding. They understand the challenges in education and try to develop new solutions. Apart from this, they also get an opportunity to assess their educational ability, which increases their confidence. Communicating with children is an important aspect of teaching, especially in primary schools. The purpose of dialogue is not only to teach the lesson, but also to understand the thoughts, questions and curiosity of the children. For this, students have to develop simple language, patience, and the ability to talk at the level of children. Such dialogues help children gain confidence, they ask questions openly, and they feel that they are being heard and understood. Along with this, through dialogue, teachers can also

evaluate children's understanding, thinking and learning process, so that further studies can be designed more effectively.

3. **Date/Duration:** 4-10 April, 2024

**4. Number of Participants:** 29 Students and 1 Teaching Staff

**5. Resource Person** Amrit Minj

**6. Detail description of the event:**

The one-week Life Skills program on "Financial Independence and Budgeting" took place from October 4-10 April, 2024, under the guidance of Professor Amrit Minj from Commerce Department. This program aimed to empower participants with essential financial literacy skills for effective money management.

**Objectives:**

To provide tools and techniques for creating and maintaining personal budgets, helping students to make financial choices. Feedback highlighted a greater awareness of financial responsibilities and the importance of saving for future goals. Professor Amrit Minj's expertise and engaging teaching style fostered an enriching learning environment. Overall, the program equipped participants with vital skills for financial independence, enabling them to navigate their financial futures with greater confidence and responsibility. Professors of the department praised Mr. Minj for his contribution for giving training to students.

**7. Outcome:** The program successfully achieved its objectives, with participants reporting increased confidence in managing their finances. Interactive workshops and practical exercises on budgeting and financial planning allowed participants to apply concepts in real-life scenarios. Such as students learn how to manage their pocket money and their future money after a job and budget it properly.

2. **Organizing Departments:** Physics
3. **Date/Duration:** 6<sup>th</sup> January. 2024
4. **Number of participants:** 21
5. **Objective:** The objective of learning computer programming languages as part of Information and Communication Technology (ICT) skills is to equip individuals with the ability to write, understand, and apply code in various programming environments.
6. **Detailed Description of the event:**

On 6<sup>th</sup> January 2024, ICT Skill on Computer Programming Language C++ organized by the department of physics at ICT Room. The aim of teaching programming languages is to enable learners to become proficient in coding, which is foundational to various technology-based tasks and innovations.. The program opened with an introduction lecture by Ajay Kumar saw ,Encouraging individuals to create new tools, platforms, and technologies using their programming skills and also Encouraging analytical thinking and logical problem-solving skills through the creation and debugging of code.

Resource Person Khurshid Alam from the department of Computer science shared his insights that ICT abilities in computer programming languages are required for success in today's technologically advanced environment. The ability to code opens up several job prospects, improves problem-solving and creative thinking skills, and promotes innovation across multiple industries. As digital transformation continues to impact the

way organizations and society work, programming skills will remain an invaluable asset for personal and professional development.

There are 20 enthusiastic participants in the program from the department of physics and Mathematics. Each participant was given the freedom to ask questions.

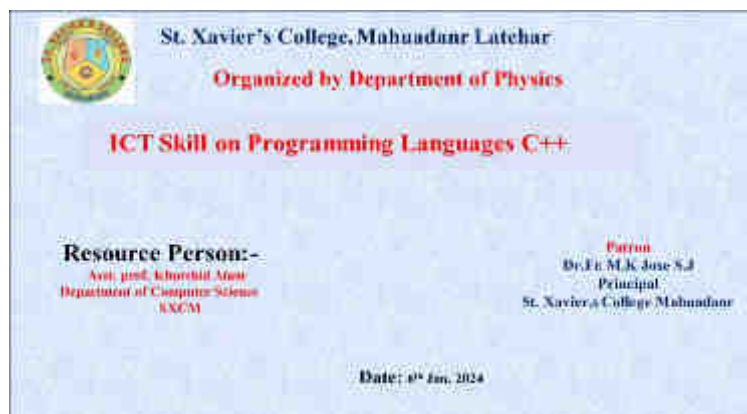

#### 7. Outcome:

The outcomes of acquiring skills in computer programming languages can be both personal and professional. Learners gained the ability to independently create projects, such as websites, mobile applications, games, or automated systems, showcasing their practical application of ICT skills. Mastery of programming languages opens up various career opportunities in fields such as software development, web development, data analysis, artificial intelligence, cyber security, and more.

2. **Place:** Nandankanan Zoological Park
3. **Organizing Department / Cell :** **Department of Botany**
4. **Date/Duration :** November 10<sup>th</sup> & 11<sup>th</sup>, 2023
5. **Number of Participants:** **33**
6. **Objective:** The main objectives are:
  - To understanding ecosystem dynamics
  - To assessing species diversity
  - To know the conservation status and threat analysis
  - To know the conservation strategies and management
  - To promoting public awareness and education
7. **Detail Description of the Event:** A Field visit was organized by Botany Department at Nandankanan Zoological Park on 10<sup>th</sup> and 11<sup>th</sup> November 2023. This visit was organized to study the biodiversity and to know the conservation strategies and management. Teaching staff members Sr. Kaslin Juliat, Shalini Bara, Shashi Shekhar, Jane Marian Soreng and 29 Students were present in this visit. **Nandankanan Zoological Park, located near Bhubaneswar, Odisha, is renowned for its diverse collection of wildlife and significant contributions to conservation and education. Established in 1960, it spans across lush greenery and houses a variety of species in naturalistic habitats.** Our visit to Nandankanan Zoological Park began with a smooth entry at well-maintained entrances and ticketing counters. The animal enclosures, such as those for tigers and lions, were spacious and naturalistic, with ample vegetation and elevated platforms. Primate habitats for species like chimpanzees and orangutans were thoughtfully designed to encourage natural behaviors. The park's well-maintained pathways, seating areas, and restrooms across expansive grounds ensured visitor comfort. Beautifully landscaped with native flora, the park created a serene environment for both visitors and animals. Overall, our visit was informative and enriching, highlighting exemplary efforts in wildlife conservation, education, and visitor experience. Nandankanan Zoological Park's commitment to biodiversity preservation and public awareness stands as a commendable model for conservation efforts. The students and staff had a great experience as everyone has learned a lot. It was extremely a great experience for all of us.

**8. Outcome:** Nandankanan Zoo holds the distinction of being the pioneering zoo in India to offer a white tiger safari experience. This innovative feature allows visitors to observe these majestic creatures in a unique setting where they roam freely in their natural habitat while visitors are confined to a specially protected vehicle. The safari entails a captivating twenty-minute drive along winding roads that traverse the pristine forest, immersing visitors in the beauty and wilderness of the surroundings. Additionally, the zoo offers a thrilling lion safari, where visitors can embark on a similar journey through the natural landscape to witness the pride of lions. Furthermore, visitors have the opportunity to encounter sloth bears in their native environment through the safari bus service, enhancing the overall experience of wildlife exploration and appreciation at Nandankanan Zoo.

**5. Detail description of the event:**

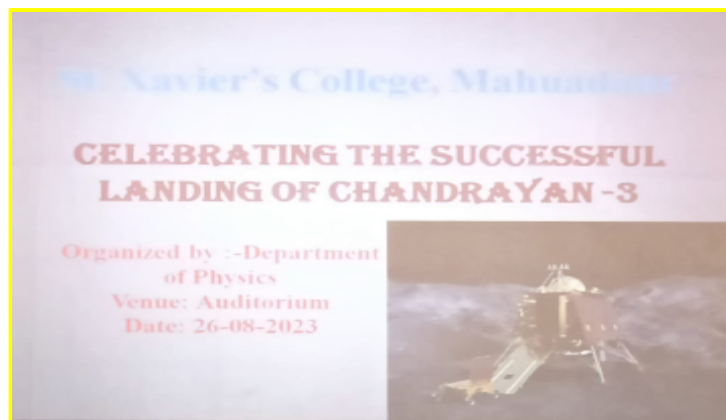

The successful landing of Chandrayan -3 on the Lunar surface on 23<sup>rd</sup> August 2023 was celebrated in St.Xavier's College by the Department of Physics on 26 August 2023 in which all the students and faculty members participated. The objective of the program to make the students aware of the unique success of India in making the soft landing of ISRO's Chandrayan-3 on Moon's South Pole.

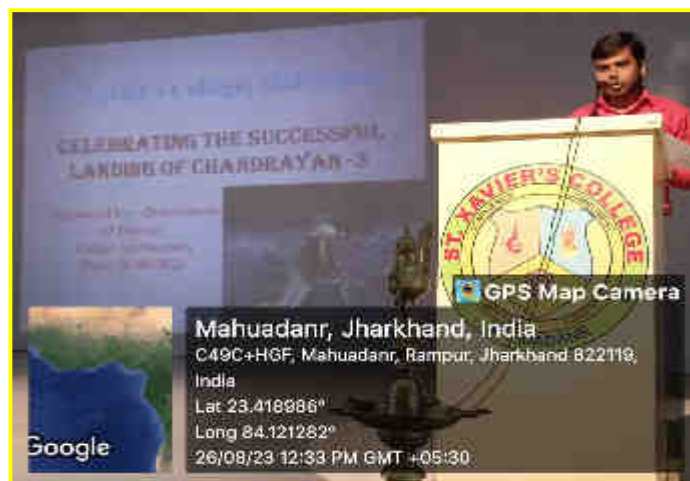

The Principal Dr.Fr.M.K.Jose addressed the students and encouraged them to pursue their dreams in the field of space exploration and scientific discovery. He said that the sky is not the limit, it's just the beginning. Asst.Prof. Ajay Kumar Saw from the department of Physics addressed the gathering providing insights into the mission's goals and accomplishments. The efforts of the scientists engaged in the mission received prominent appreciation during the event. The atmosphere was permeated with a sense of acknowledgment as the contributions and dedication of the scientific community were lauded for their integral role in the successful landing of Chandrayaan 3.

The students, present in substantial numbers, actively participated in the celebration, expressing their enthusiasm and pride in India's space exploration achievements. The event served as a platform for fostering scientific awareness and appreciation among the student community, showcasing collective pride in the nation's advancements in space exploration.

1. **Title of the Program:** Capacity building (Student Development Program)
2. **Organizing Department / Cell:** Department of English
3. **Date/Duration:** May 06, 2024
4. **Number of Participants:** 300
5. **Objective:** To enhance the students' skills and empower them to develop their own careers.
6. **Detail Description of the Event:**

Student Development Program on "Capacity Building" was organized by the Department of English on 6<sup>th</sup> May 2024 at 1:30 p.m. in the College Auditorium.

The program commenced with a warm welcome and introduction by Dr. Fr. M.K. Jose, Principal of the college. He expressed gratitude to all the attendees, particularly Dr. Siva Kumar, for gracing the event. Dr. Fr. M.K. Jose highlighted the relevance of capacity building in the current competitive landscape and its long-term impact on the students' career prospects.

The keynote speaker for the event was Dr. Siva Kumar, a renowned expert from Australia. Dr. Kumar delivered an inspiring speech emphasizing the importance of individual capacity in career development rather than relying solely on others. His insights provided valuable guidance to the students, encouraging them to take ownership of their professional growth.

The program received an overwhelming response, with more than 300 students along with teachers attending the event. The College Auditorium was filled with an enthusiastic and attentive audience eager to learn and enrich their knowledge.

The Student Development Program on "Capacity Building" covered various aspects such as goal setting, self-assessment, skill development, and networking. Interactive workshops and activities were conducted to engage the participants actively. The students had the opportunity to connect with the speaker after the session, allowing them to seek further guidance and clarification on their queries.

Overall, the program proved to be a great success, leaving a lasting impact on the students. It provided them with valuable insights and tools to identify their strengths, set achievable goals, and navigate their career paths effectively. The event served as a platform for fostering personal growth and encouraged students to take charge of their professional journeys.

**7. Outcome:** Students were well equipped by the strategies and methods for capacity building

3. **Date/Duration:** April 24<sup>th</sup> 2024
4. **Resource Person:** Ms. Bharti Goswami (The Rakshin Project)
5. **Number of participants:** 89
6. **Objective:** To educate and empower students with comprehensive knowledge about child protection laws, particularly the Protection of Children from Sexual Offences (POCSO) Act 2012

**7. Detailed Description of the event:**

On April 24<sup>th</sup> 2024 the Student Development Program (SDP) on the theme of "Stop Child Abuse: Understanding the POSCO Act 2012" was organized for students by the Department of Geography to raise awareness and impart knowledge about child protection laws. Additionally, the program aims to foster a supportive and safe environment where students can actively contribute to the prevention and eradication of child abuse in their communities. The program was conducted by renowned resource person Bharti Goswami from the Rakshin Project, a prominent organization dedicated to combating child abuse. The program included interactive sessions where students actively participated in discussions, shared their experiences, and asked questions to clarify their doubts. Bharti Goswami Ma'am facilitated these sessions, encouraging students to express their thoughts and concerns freely.

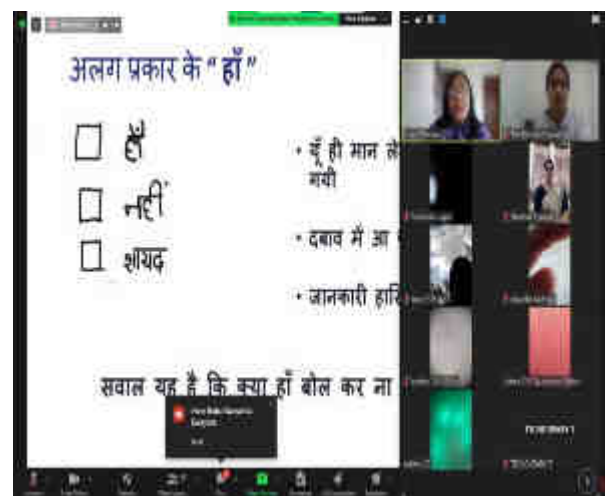

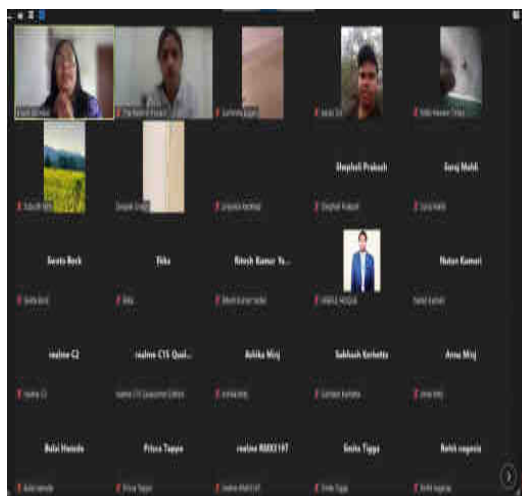

**8. Outcome:**

It was highly informative and impactful, providing students with valuable insights into the issue of child abuse and the legal framework for its prevention and redressal. Bharti Goswami's expertise and engaging presentation style contributed significantly to the success of the program. Moving forward, it is imperative to continue organizing such initiatives to empower students and create a safer environment for children.

**5. Objective:** To help the students understand the career building methods.

**6. Detail Description of the Event:**

The English Department of St. Xavier's college Mahuadanr organized a Student Development program on "Career Building" on 19<sup>th</sup> April, 2024. The event took place in LT 1 at 2:00 pm and aimed to assist students in identifying and preparing for their career goals.

Ms. Mohsina Khatoon, a renowned Pilot Project Officer for the Centre of Department of Industries, Jharkhand was the resource person. She shared her own career journey as an introduction, highlighting how she achieved her current position.

During the session, Ms. Khatoon covered various aspects of career-building, including career planning, skill development, job search strategies, and entrepreneurship opportunities. She shared inspiring success stories of individuals who pursued their passions and created successful careers.

Approximately 300 students from diverse academic backgrounds attended the program. The session was highly interactive, with students actively participating by asking questions and seeking guidance. Ms. Khatoon addressed all their queries, providing valuable insights to help them effectively build their careers.

The Student Development Program on "Career Building" was deemed highly informative and engaging. Its objective was to enable students to make informed decisions about their career goals and aspirations.

**7. Outcome:**

The session enabled the students to understand various career opportunities for building their future career

**5. Detail description of the event:**

Student Development Program Organized by the Department of Political Science: Guest Lecture by Mrs. Pushplata Dungdung from St. Albert College, Chainpur, Jharkhand. On 18/12/2023 the Department of Political Science organized a student development program featuring a guest lecture by Mrs. Pushplata Dungdung, a distinguished academician and expert from St. Albert College, Chainpur. The event aimed to enrich students' understanding of contemporary political issues and provide insights into career opportunities in the field of political science.

Mrs. Pushplata Dungdung commenced the program with an insightful lecture on the role of political science in addressing current societal challenges and fostering sustainable development. Her expertise in governance, public policy, and international relations provided students with a comprehensive overview of the practical applications of political science theories.

Objectives Achieved:

Enhanced Learning: The lecture deepened students' understanding of political science concepts and their real-world implications, offering practical insights into policy formulation and implementation.

Career Guidance: Mrs. Dungdung shared her career journey and offered valuable advice on pursuing careers in academia, research, and public service within the realm of political science.

Networking Opportunities: Students had the opportunity to network with Mrs. Dungdung and fellow peers interested in political science, fostering connections that could lead to future collaborations and mentorship.

The student development program featuring Mrs. Pushplata Dungdung was a significant success, aligning with the department's objectives to enrich academic experiences and prepare students for professional careers in political science. The insightful lecture and interactive sessions not only broadened students' perspectives but also motivated them to actively pursue their academic and professional goals in the field. The department looks forward to organizing more such enriching programs to continue fostering intellectual growth and career readiness among its students.

(Tuesday)

Time :- 1:00 pm to 2:30

Organized by : Department of Mathematics

# Environment Awareness Program

## Environment Awareness programs

### **PRESERVING THE TREES FOR A HEALTHY LIFE**

The Department of English Organized the Environmental Awareness Programmes in the Rajkiya Krith Madhya Vidhyalay of Regain village. The students have performed a skit emphasizing the significance of trees in maintaining ecological balance and promoting human health. The skit showcased the vital role of trees in mitigating climate change, improving air quality, conserving biodiversity, and enhancing the quality of life for communities.

Students have demonstrated A tree planting demonstration to showcase techniques for planting and caring for trees,

encouraging participants to actively participate in tree planting initiatives in their communities.

Dr. Fr. Samir Toppo enlightened the students about the need for sustaining a healthy

environment, advocating for tree conservation, and adopt sustainable lifestyle practices for the well-being of present and future generations.

### **IMPORTANCE OF SAVING WATER**

The Department of English organized an environmental awareness programme on 23<sup>rd</sup> May 2024 on the importance of saving water. A keynote address was delivered by Dr. Fr. Rajeev Tirkey providing an overview of the global water

crisis, its impact on communities and ecosystems, and the urgent need for water conservation measures.

The students of the English Department played a skit named “Jal ka Mahatwa” to deepen their understanding of water scarcity, its causes, and its consequences for human health, agriculture, industry, and the environment, advocating for water conservation in their communities, and support efforts to protect and preserve water resources for future generations.

## VAN MAHOTSAV WEEK FOR ENVIRONMENT PROTECTION

Fr. Dr. M. K. Josh, principal of this college emphasizes the need to protect and conserve the environment. Further, he addresses the gathering that it gives immense pleasure to see the high enthusiasm exhibited by the students who come forth for massive plantation drives. He also said that during this festival every citizen of India is expected to plant a native sapling and pass it on to the next generation. Native plants are chosen because they can adapt easily to climatic conditions. We also are taking care of and protecting the new saplings of plants.

## Plantation Drive

The program on “Plantation Drive” was organized by the Department of Geography in collaboration with the Eco Club on August 14<sup>th</sup>, 2023.

Fr. Dr. M. K. Josh, the principal of this college emphasizes the need to protect and conserve the environment. Further, he addresses the gathering that it gives immense pleasure to see the high enthusiasm exhibited by the students who come forth for massive plantation drives. The program was designed and executed by students of the department under the guidance of Asst.Prof. Shephali Prakash and Dr.Areful. Students worked collaboratively to plant a variety of native tree species, including fruit-bearing trees, shade trees, and ornamental plants. Emphasis was placed on selecting species suitable for the local climate and ecosystem.

## Climate Change and its Impacts

The program on “Climate Change and Its Impact” was organized by the Department of Geography in collaboration with Eco Club on April 4<sup>th</sup> 2024. The main resource person was Asst. Prof. Shephali Prakash. She explained the current

global issue of climate change and its impacts like greenhouse gas emissions, global warming, extreme weather events, and mitigating and adapting to climate change. It aims to empower them to take informed actions to reduce their carbon footprint, advocate for policies that address climate, and support sustainable practices to mitigate its effects on the planet and future generation

## RIVER CLEANING

The river cleaning program was initiated by the Department of Geography in collaboration with Eco-Club on 4<sup>th</sup> April 2024. Final year students with faculties went for river cleaning. The informative session was given on the spot to the villagers regarding river conservation and the potential impact of pollution on the aquatic ecosystem.

Students learned a sense of environmental stewardship. It provides students with hands-on experience in environmental activism and community engagement, fostering a sense of responsibility towards the local ecosystem.

## WORLD ENVIRONMENT DAY CELEBRATION

In the academic year 2023-24, the Department of Geography, St. Xavier's College, Mahuadanr, conducted World Environment Day on the theme of **“Land restoration, desertification and drought resilience”**. The Welcome speech of this program was given by Assistant Professor Shephali Prakash and anchoring of this program was conducted by Anju Rose Tigga Semester VI students.

Assistant Professor Dr. Md Areful Hoque explained the challenges faced by the environment, He advocates that the environment plays an important role in healthy living and the existence of life on planet Earth. He also said that the adoption of eco-friendly habits and technologies in daily life across industries. Om Kumar Thakur Semester I student delivered in his

lecture that Environment Day is one of the greatest global events for the environment. We should raise awareness of environmental issues such as marine pollution, overpopulation, global warming, sustainable consumption, and wildlife crime. It is the only environment that nurtures us and helps us to survive. Lastly, a Vote of thanks for this wonderful program was given by Assistant Professor Rozy Sushmita Tirkey. The Department of Geography is highly thankful to our respected principal Fr. Dr. M. K. Josh SJ Vice Principal Sister Kaslin Juliet and Eco Club Coordinator Assistant Professor Shephali Prakash for all kinds of support and permission for the completion of this wonderful programme. At the end of this program, there were many interactions and queries by the students with the faculty members. We extend our appreciation to the students for their

cooperation, well discipline, and adherence to the instructions for the grand success of this event.

## CLEANING OF RIVER

On January 6<sup>th</sup>, 2024, the Department of Botany spearheaded a collaborative effort to clean and restore a local river. The event aimed to engage community members in hands-on activities focused on improving the health and sustainability of the river ecosystem. Participants gathered at the designated location armed with gloves, trash bags, and other cleaning supplies. Guided by environmental experts and volunteers, the group embarked on a thorough cleanup operation along the riverbanks, removing accumulated litter, debris, and pollutants.

In addition to the cleanup efforts, educational sessions were conducted to raise awareness about the detrimental effects of pollution on river ecosystems and the importance of conservation practices. Participants learned about the significance of maintaining clean waterways for biodiversity, water quality, and overall environmental health.

Furthermore, interactive discussions and demonstrations highlighted practical steps that individuals and communities can take to prevent pollution and promote sustainable river management practices.

## PLANTATION DRIVE

On February 3<sup>rd</sup>, 2024, the Department of Botany organized a Plantation Drive aimed at fostering environmental sustainability and biodiversity conservation. Community members, stakeholders, and volunteers gathered to partake in the tree planting activities organized at a designated location.

The event commenced with a brief orientation session, highlighting the importance of tree planting in mitigating climate change, enhancing biodiversity, and preserving natural ecosystems. Participants were briefed on the selection of native tree species, proper planting techniques, and the significance of caring for newly planted trees.

Equipped with shovels, saplings, and watering cans, participants enthusiastically engaged in planting trees along designated areas, including public parks, roadside strips, and community gardens. Guided by botany experts and volunteers, they worked collaboratively to ensure the proper placement and care of each

sapling.

## PLANTATION DRIVE

A plantation drive was organized by Department of Economics in Rajdanda village, aiming to

enhance the local environment and promote sustainability. Community members, students and NSS volunteers participated enthusiastically, planting a variety of native trees. This drive was expected to improve air quality and offer shade and greenery to the village. This event also included educational sessions on the importance of trees and environmental conservation, fostering a sense of responsibility towards nature among the participants.

## TREE PLANTATION DRIVE PROGRAM

The students of the Political Science Department organized a tree plantation program at HaamiSatronant School, Mahudanr, as part of their community engagement efforts in the adopted village school. The event, held on [Date], aimed to promote environmental consciousness and sustainability among the school children and the local community.

Led by enthusiastic volunteers from the Political Science Department, the program commenced with a brief awareness session on the importance of trees in maintaining ecological balance and combating climate change. Following this, the students and teachers of HaamiSatronant School actively participated in planting a variety of saplings within the school premises.

The tree plantation program not only beautified the school surroundings but also served as an educational opportunity for the students to learn about environmental stewardship firsthand. By involving the local community, including school staff and villagers, the event fostered a sense of shared responsibility towards preserving nature.

Overall, the tree plantation program at HaamiSatronant School, Mahudanr, exemplified the commitment of the Political Science Department students towards sustainable development and community welfare. Such initiatives are crucial in instilling environmental values and fostering a greener future for generations to come.

## **TREE PLANTATION DRIVE PROGRAM**

On 5th June, the students of Political Science at our college organized a tree plantation drive as part of an environment program. The initiative aimed to foster environmental consciousness

among students and promote sustainability within the campus community.

The event began with an opening ceremony where faculty members and local environmentalists addressed the importance of tree planting in mitigating climate change. Students actively participated by planting a variety of saplings around the campus grounds.

Under the guidance of faculty advisors and in collaboration with environmental NGOs, the students meticulously planned the logistics and execution of the drive. The chosen date, coinciding with World Environment Day, added significance to the initiative, highlighting global efforts towards environmental conservation.

The tree plantation drive not only beautified our campus but also symbolized our commitment to environmental stewardship. It served as a platform for students to learn practical skills in tree care and sustainable land management.

Feedback from participants was overwhelmingly positive, with many expressing a sense of pride in contributing to greening efforts. Moving forward, the organizers aim to expand such initiatives and encourage more students to actively engage in environmental protection activities.

5. **Number of Participants:** 76

6. **Objectives of the Program:** The main objective of this event was to creating job opportunities, use of local resources, identifying entrepreneurial qualities in practically among the students.

7. **Details description of the event:**

In the academic year 2023-24, department of Geography was organized a entrepreneurship Programes on Scope of travel and tourism sector in Jharkhand. The

# St. Xavier's College Mahuadanr Latehar- 834001

welcome speech of this wonderful event was given by Assistant Professor Shephali Prakash and anchoring of this programmes was conducted by Assistant Professor Dr. Md Areful Hoque.

Mr. Krishna Kumar (Resource Person) delivered in his lecture that Travel and tourism is the largest and fastest growing industry across the world and in our country India. Travel and tourism sector has emerged as the India's largest and fastest growing industry, generating wealth and employment. Now a day's tourism sector in India is substantial and vibrant and the country very fast growing industry. Tourism sector is significantly supported to grow horticultures, handicrafts, agriculture, hotelling and logistic services etc. Tourism in India is now become a **"Sunrise Industry"**. Moreover he also said that Jharkhand is one of the beautiful state for its mesmerizing natural scenery, landscapes, plateaus, lofty hills, sparkling waterfalls, rich and vibrant tradition, diverse cultures, holy places, dams, lakes, wildlife sanctuary, national park, archeological sites and heritage and lush green forest covered. Travel and tourism in Jharkhand state has grown in leaps and bounds over the years, most of the regions of this state something to splendour and exuberance. Travel and tourism sector bringing Jharkhand state on global map of tourism, earning appreciation, recognition and initiates cultural change in future. Lastly vote thanks of event was given by Assistant Professor Rozy Sushmita Tirkey.

1. **Title of the Program :** Intrenship Program :- Har Ghar Shiksha
2. **Place:** Kurund Village
3. **Organizing Department / Cell :** Department of Hindi
4. **Date/Duration :** 23<sup>rd</sup> April, 2024
5. **Number of Participants:** 22
6. **Detail Description of the Event:**

A total of 22 students of the Hindi Department of Saint Xavier's College Mahuadanr contributed to the internship class on 23 April 2024 at Government Primary School Kurund. This is a very important initiative, it is commendable that students are joining in this way under "Har Ghar Shiksha". This not only gives real teaching experience to the students but also increases awareness towards education in the society. Through such internships, students get practical experience of classroom management, communication with children, and making lessons simple and interesting according to their understanding. They understand the challenges in education and try to develop new solutions. Apart from this, they also get an opportunity to assess their educational ability, which increases their confidence. Communicating with children is an important aspect of teaching, especially in primary schools. The purpose of dialogue is not only to teach the lesson, but also to understand the thoughts, questions and curiosity of the children. For this, students have to develop simple language, patience, and the ability to talk at the level of children. Such dialogues help children gain confidence, they ask questions openly, and they feel that they are being heard and understood. Along with this, through dialogue, teachers can also evaluate children's understanding, thinking and learning process, so that further studies can be designed more effectively.

**10. Title of the Program:** ICT Skill on Computer Programming Language C++

**11. Organizing Departments:** Physics

**12. Date/Duration:** 6<sup>th</sup> January. 2024

**13. Number of participants:** 21

**14. Objective:** The objective of learning computer programming languages as part of Information and Communication Technology (ICT) skills is to equip individuals with the ability to write, understand, and apply code in various programming environments.

**15. Detailed Description of the event:**

On 6<sup>th</sup> January 2024, ICT Skill on Computer Programming Language C++ organized by the department of physics at ICT Room. The aim of teaching programming languages is to enable learners to become proficient in coding, which is foundational to various technology-based tasks and innovations.. The program opened with an introduction lecture by Ajay Kumar saw ,Encouraging individuals to create new tools, platforms, and technologies using their programming skills and also Encouraging analytical thinking and logical problem-solving skills through the creation and debugging of code.

Resource Person Khurshid Alam from the department of Computer science shared his insights that ICT abilities in computer programming languages are required for success in today's technologically advanced environment. The ability to code opens

# St. Xavier's College Mahuadanr Latehar- 834001

up several job prospects, improves problem-solving and creative thinking skills, and promotes innovation across multiple industries. As digital transformation continues to impact the way organizations and society work, programming skills will remain an invaluable asset for personal and professional development.

There are 20 enthusiastic participants in the program from the department of physics and Mathematics. Each participant was given the freedom to ask questions.

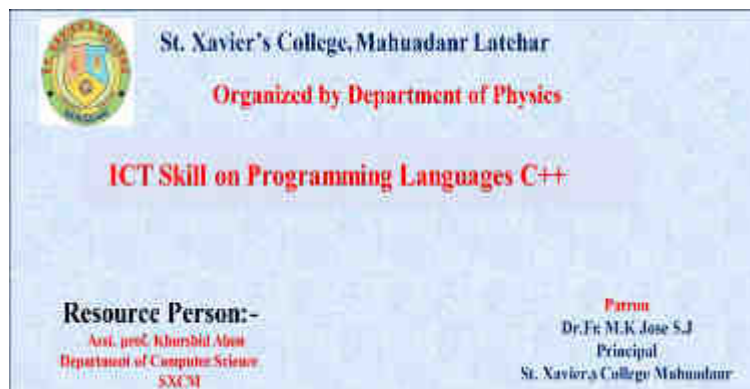

## 16. Outcome:

The outcomes of acquiring skills in computer programming languages can be both personal and professional. Learners gained the ability to independently create projects, such as websites, mobile applications, games, or automated systems, showcasing their practical application of ICT skills. Mastery of programming languages opens up various career opportunities in fields such as software development, web development, data analysis, artificial intelligence, cyber security, and more.

9. **Organizing Department / Cell :** Political Science
10. **Date/Duration :** 04/10/2023
11. **Number of Participants :** 69

**12. Detail description of the event:**

St. Xavier's College, Mahuadanr, recently hosted a one-day workshop organized by its Political Science department's Electoral Literacy Club on October 04, 2023. The workshop started by the welcome speech of Fr. Dr. M.K. Jose the Principal of St. Xavier's College Mahuadanr.

The event featured Mr. Khurshid Khan, the Sub-divisional electoral trainer of Mahuadanr, as the key speaker. Through a combination of informative speeches, engaging activities, and interactive role-play scenarios, Mr. Khan imparted valuable insights into the electoral process to the participating students.

One notable highlight of the workshop was the overwhelming enthusiasm displayed by first-time voters. They actively participated in discussions, eager to understand their role in shaping the democratic process through voting. This enthusiasm bodes well for the future of civic engagement among young citizens.

The workshop successfully achieved its goal of promoting electoral literacy and fostering a sense of responsibility among college students towards their voting rights and duties. At the end vote of thanks was delivered by Assistant Prof. Shilpi Junita Horo.
