

St. Xavier's College, Mahuadanr Latehar-822119, Jharkhand

1. **Title of the Program :** Artwork and Technological Invention -IPR
2. **Organizing Department / Cell :** Department of Chemistry
3. **Date/Duration :** April 28, 2021
4. **Number of Participants:** 11
5. **Detail Description of the Event:**

On April 28, 2021, the Department of Chemistry conducted a departmental activity with the help of Google meet. The theme of the activity was “**Intellectual Property Rights**”. All the students participated in it and said that it was something new and helpful for them. Intellectual property rights are legally documented and the rights are classified as **Patent, Trademark, Trade-secret and copyright**. These rights give protection to anyone's documents, artwork and technological invention. Hence the students were interested in it and took active part in the discussion. The purpose of choosing this topic was to instill interest in the students to become creative and innovative in various fields. Such an interest has the added advantage of being income producing venture. In addition, on the social side, every invention and technological improvement is a benefit for society contributing to the progress of the world at large.
