1. **Title of the Program :** Intellectual Property Rights
2. **Organizing Department / Cell :** Department of Hindi
3. **Date/Duration :** August 08, 2018
4. **Number of Participants:** 40
5. **Detail Description of the Event:**

The Department of Hindi organized a seminar on 'Intellectual Property Rights' at G-8 in Saint Xavier's College Mahuadanr on 08.08.2018. The focus of this seminar was spreading awareness among students of the department about the importance of Intellectual Property Rights (IPR). All the professors and students of Hindi Department participated in this seminar.

The seminar started with the welcome address by Asst. Prof. Reema Renu Kandulna. She gave a small introduction of IPR by sharing that Intellectual property right (IPR) is the rights granted to the creators of intellectual property and include trademarks, copyrights, patent, industrial design rights and some jurisdictions and trade secrets. She also explained that rather than protecting possessions, intellectual property law protects exclusive rights to use or reproduce the intellectual property (IP).

This was followed by the talk on IPR by HoD Asst. Prof. Vibha Alpna Kujur. She elaborated the different concepts of IPR. She stated that the Intellectual Property Rights (IPRs) are the rights associated with intangible property owned by a person/company and protected against use without consent. Thus, rights relating to ownership of intellectual property are called Intellectual Property Rights. These rights aim to protect intellectual property (creations of human intellect) by allowing the creators of trademarks, patents, or copyrighted works to benefit from their creations. She also gave details about the benefits of IPR, like enhancement of market value, turning ideas and thoughts into profit-making assets, marketing products and services, raising capital through sale of IPR, enhancement in export opportunities etc.

The seminar on IPR created great awareness among students and faculty of the Hindi Department, SXCM about the important concepts related to IPR. The program included discussions on the importance of IPR and their protection, an overview on copyright
